Attorney Docket No.: 200477.00002 :

NOV 25 2005

OFFICE OF PETITIONS
ON PETITION

This is a decision on the petition under 37 C.F.R. §1.78(a)(6), filed 20 June, 2005, to accept an unintentionally delayed claim under 35 U.S.C. §119 for the benefit of priority to Application No. 60/533,656, filed 30 December, 2003.

The petition is **GRANTED**.

A review of the file record fails to disclose that a claim for the benefit of priority to the above-noted, prior-filed provisional application was made within the time period set forth in 37 C.F.R. §1.78(a)(5)(ii) and further failed to include a proper reference to the above-noted, prior-filed application as required by 37 C.F.R. §1.78(a)(5)(i) and §1.78(a)(5)(iii).

The instant application was filed 18 February, 2004. Therefore, since this application was filed after November 29, 2000, a petition under 37 C.F.R. §1.78(a)(6) is the appropriate avenue of relief to accept a late claim for the benefit of priority to a prior-filed provisional application.

A petition for acceptance of a claim for late priority under 37 C.F.R. §1.78(a)(6) is only applicable to those applications filed on or after November 29, 2000. Further, the petition is appropriate only after the expiration of the period specified in 37 C.F.R. §1.78(a)(5)(ii). In addition, the petition under 37 C.F.R. §1.78(a)(6) must be accompanied by:

- the reference required by 35 U.S.C. §119(e) and 37 C.F.R. §1.78(a)(5)(i) of the prior-filed application, unless previously submitted;¹

Application No. 10/780,806

- a statement that the entire delay between the date the claim was due under 37 C.F.R. §1.78(a)(5)(ii) and the date the claim was filed was unintentional. The Commissioner may require additional information where there is a question whether the delay was unintentional.

The petition satisfied the requirements above.

The granting of a petition to accept the delayed benefit claim to the prior-filed application(s) under 37 C.F.R. §1.78(a)(6) should not be construed as meaning that the instant application is entitled to the benefit of the prior-filed application(s). In order for the instant application to be entitled to the benefit of the prior-filed application(s), all other requirements under the statute and regulation must be met. Similarly, the fact that the corrected Filing Receipt accompanying this decision includes the prior-filed application(s) should not be construed as meaning that the applicant is entitled to the claim for benefit of priority to the prior-filed application noted thereon. Accordingly the Examiner will, in due course, consider this benefit claim and determine whether the instant application is entitled to the benefit of the earlier filing date.

A corrected Filing Receipt, which includes the priority claim to the above-noted, prior-filed provisional application, accompanies this decision on petition.

This matter is being released to the Technology Center for examination in due course, including consideration of the claim for priority.

Inquiries concerning this decision may be directed to John Gillon, Senior Attorney, Office of Petitions at (571) 272-3214.
